GCSE and AS Awards

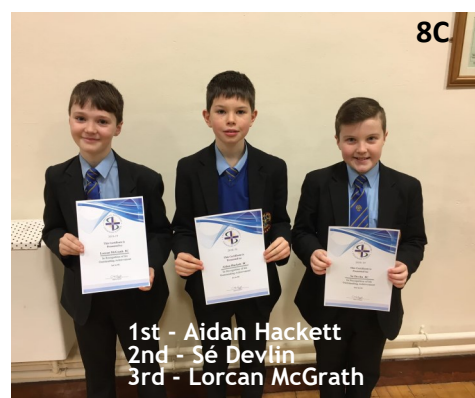

Congratulations to all our prize winners at yesterday's AS and GCSE Award Ceremony

Year 8 Prizegiving Ceremony

Well done to all the boys who received awards at the recent Year 8 Prizegiving Assembly. Some of the prizewinners are pictured below.

Top Achievers in each Form Class

Top Academic Achievement at Year 8 Presented to: Keenan Donaghey

Form Teacher Award

Music Students Benefit from Coca-Cola Schools Reward Programme

Omagh CBS Music department received a new keyboard and guitar in January through the Coca-Cola Schools Reward Programme. School Cook Kevin Breen registered the school for the Programme in September 2018 and pictured with Kevin are Year 9 and Year 13 music students Piaras McCrumlish and Conor McCallion.

The programme sees the school earn points through their purchase of Fruice and Deep RiverRock drinks from Coca-Cola Hellenic. The points can then be exchanged for fantastic rewards for the school, with hundreds of sport, music and electronic items to choose from. After accumulating a significant number of points between September and December the school decided to choose musical instruments which were greatly received by Mrs Fretigny in the Music department. The points collected between January and June will be exchanged for sports equipment for the PE Department.

St. Brigid's Crosses

Crois Bhríde a dhéanamh ag daltaí i mBliain a hOcht. Year 8 learning the beautiful tradition of making St. Brigid's Crosses in the Irish department today. A "living tradition" of reinforcing our faith through culture and language for Catholic Schools Week. Many thanks to all staff who gave a helping hand.

Translink yLink Card

Many thanks to Orla & Nicole from Translink NI, who visited our Year 14 students on Friday 25th January to highlight Translink's yLink card offering massive savings on Translink bus and rail services within NI plus savings off Enterprise train to Dublin!

To sign up for yLink card visit: <http://www.translink.co.uk/ylink>

QUB Interactive Regional Open Days

Queen's University Belfast are holding a series of interactive regional open days.

These events are targeted at pupils who are currently studying/likely to study STEM subjects at A Level, in Years 11, 12 and 13 or who are interested in studying a degree in the subject areas listed below.

Our regional event takes place in Omagh Leisure Complex, Old Mountfield Road, Omagh on Friday 15 February 2019.

Morning Session: 10.30am -12.30pm or afternoon session 12.30pm – 2.30pm.

Students will have the opportunity to learn about the subjects through participation in demonstrations and will have the opportunity to speak to relevant academics and current students.

- Audio Engineering
- Architecture
- Archaeology and Palaeoecology
- Chemical Engineering
- Chemistry
- Chemical Technology
- Civil, Structural and Environmental Engineering
