PA CONSULTING DIGITAL ENGINEERING ACADEMY

Do you want to become a Digital Engineer working with diverse teams of experts combining innovative thinking with breakthrough-technologies? If so, join our Digital Engineering Academy.

Experience is not required but applicants must hold a degree in any discipline or have a 5th level qualification in an IT related discipline

Would you like to:

- Receive a potential offer of employment with PA Consulting, an innovation and transformation consultancy;
- Have the opportunity to work at the forefront of technology on exciting projects across multiple sectors;
- Receive a starting salary in the range of **£25,000 to £27,000 per annum**;
- Have the opportunity to work with a variety of exciting clients delivering solutions across a range of technologies and platforms including open source, Google, Microsoft, Amazon and many more;
- Receive £150 training allowance per week plus travel expenses while you train.

During the Academy you will become proficient in Java covering programming in Java, SQL and HTML/CSS/Java Script, Building REST API's, and building Java Web Applications using Spring Boot.

Applications open on Monday 20 January 2020
