YOUR CHILD TESTS POSITIVE FOR COVID-19

Return to School Information

The current PHA Guidance states that after receiving a positive test the individual needs to isolate for at least 10 days. After 10 days they may return to work / school, if they are fever free, even though they have other symptoms. The PHA guidance is set out below for return to school.

WHAT TO DO?

- DO NOT SEND YOUR CHILD TO SCHOOL
- Inform school immediately about test result
- Self-isolate for at least 10 days as advised by the PHA.

WHEN CAN MY CHILD RETURN?

Your child can return to school after 10 days even if they still have a cough / loss of smell or taste. These symptoms can last for several weeks.

IMPORTANT NOTICE

At the moment we have a number of pupils in school who are highly sensitive to nuts in particular peanuts, exposure or ingestion of nuts can cause very serious health problems for some students therefore we would very much appreciate if pupils

refrain from bringing nuts or nut products i.e. peanut bars, sweets, into school, and to remain diligent if any of their friends suffer from nut allergies.

If pupils are travelling on school trips, we request that they refrain from bringing any form of nut or nut products on the trip, to ensure the safety of their friends.

NO ENTRY TO THE SCHOOL BUILDING

In light of the ongoing Covid-19 pandemic and to mitigate the risk of infection to pupils and staff within the school community, parents should not come into the school building to hand over items to office staff for collection by pupils.
