Year 8 Students of the Month for Sep/Oct

Huge congratulations to our first Student of the Month recipients in Year 8 who received awards at our recent Rewarding Achievement assembly. We look forward to acknowledging school-work, participation in school events and positive behaviour again before the end of term. Well done boys.

Year 13 OCR Business

Many thanks to Jimmy Colton, the Honorary Secretary of Omagh Golf Club for giving an informative talk to the Year 13 OCR Cambridge Technical Business students.

The information gleaned will be of great help in assisting the students complete their Unit 4 portfolio - Customers and Communication.

Poetry In Motion

10D and Mrs McCrory have had an enjoyable 6 weeks working with local poet Briege McClean as part of the Poetry in Motion Community Arts Project. They even had the opportunity to create their own rap poetry!

Art and Design Workshop

On Tuesday 14th November our Yr 10 Art students participated in an exciting Art & Design Adobe NI Workshop hosted by the NI Adobe Team. Digital Trainer Emma Mc Caugherty guided, supported and enthused our young graphic designers, to create a diverse range of Pop Art Style Car Posters using Adobe Creative Cloud Express. Students grasped the concepts with ease, creating impressive highly polished, professional visual imagery in no time at all. Students even got to try their hand at exploring and experimenting with Artificial Intelligence (AI) in generating alternative designs as part of the creative graphic design process. Hopefully a few potential Graphic Designers of the future, have been inspired from the provision of these creative Workshops.
