Year 13 Sport pupils present a cheque for £1000 to Peter Dolan of the Run For Enda Foundation from monies raised by Year 8 pupils who completed the CBS Mini Marathon before the Halloween holidays. As part of Green Careers Week some of our Key Stage 3 classes took part in an online webinar which highlights the role technology plays in helping us to protect our planet and fight climate change. It also showed some of the green careers within tech that students could pursue in the future.
